## NAPHTHA EXPLOSION THE FLOWER PARADE

A Score or More Killed Near Pittsburgh Last Evening Early.

A Beautiful Spectacle-Mr Tully, Miss Sanders and Mrs. Lyle Win.

About 200 Persons Seriously Hurt and Fully Seventy-Five Percent Will Die.

## A RAILROAD ACCIDENT THE CAUSE CARNIVAL IS ATTRACTING BIG CROWD

Pittsburg, Pa., May 13.—The Schenectady yards of the Pennsylvania railroad were the scene last evening of an explosion in which a score of lives were lost and about 200 persons were so badly burned that, according to the judgment of physicians, 75 per cent of them will die from the effects of their injuries.

While a train of naphtha cars was being switched the rear car telescoped a car forward. The leaking naphtha ignited from a switch light, causing an explosion which threw the flames 50 feet high.

Much of the escaping naphtha ran through Corks Run to Esplenborough, a distance of one and one half miles, and caused another explosion, blowing to atoms the Seymour hotel and the Collins house, on River road, and badly wrecking a frame building nearby, in which were congregated 200 or more men from Pittsburg and vicinity betting on the races and baseball.

Few of the occupants of this building escaped injury, many being badly hurt.

## HANDSOME GIFT.

New York, May 13.—Preparations are being made by the sailors and marines of the Brooklyn navy yard for the dedication on Thursday next of the \$100,000 Y. M. C. A. building erected by Miss Helen Gould. Ex-Secretary of the Navy John D. Long will make an address. Miss Gould will also speak. President Roosevelt has been invited, but it is not likely he will be able to attend.

## NEW CRATERS OPEN.

London, May 13.—The colonial office received the following dispatch this afternoon from Administrator Bell of the Island of Dominica, British West Indies:

"The Martinique catastrophe appears to be even more terrible than at first reported. Refugees arriving here this morning say that new craters are open in many directions; that rivers are overflowing and that large areas in the north of the island are submerged. Other districts are crowded with survivors. Almost total darkness continues. I do not believe Guadeloupe can adequately relieve the stupendous distress."

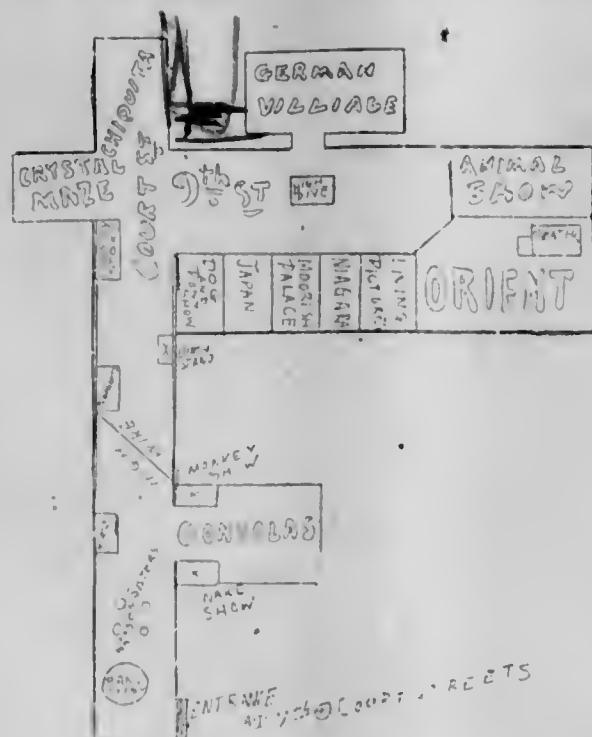

Mr. Robert Block of Pittsburg is the guest of Mr. Will Wright.

Mr. W. N. Haldeman Died at Louisville This Morning.

Peritonitis Developed From a Street Car Accident.

Lonisville, Ky., May 13.—Mr. Walter N. Haldeman died at 5 o'clock this morning aged 81 years, from peritonitis, developing from a street car accident last Saturday. The end was shockingly sudden. Arrangements have not yet been made for the funeral, but it will probably not be held until tomorrow afternoon.

Mr. Haldeman was one of the principal owners of the Courier Journal, and one of the most prominent men in Louisville. He leaves a family.

FATAL ACCIDENT AT HENDERSON.

Henderson, Ky., May 13.—Dave Murray, a well known carpenter, while engaged in hoisting timber at the new cotton mill addition fell 25 feet, striking his head on an iron railing and causing instant death.

## TO RELIEVE DISTRESS

Resolution to Appropriation \$500,000 for the Sufferers.

It Will be Spent Under the Direction of the President.

Washington, May 13.—Soon after the senate convened today Mr. Culver, from the committee on foreign relations, reported a joint resolution appropriating \$500,000, including the \$200,000 already appropriated, to be expended under the direction of the president in such a manner as will most promptly and effectively relieve the stricken people of the French West Indies and St. Vincent. The resolution was adopted without comment.

## VALUE OF PUBLICITY.

One hardly appreciates the full value of publicity until he personally buys a certain brand of goods and then wonders why he asked for that particular brand. All of a sudden it dawns upon him that he has been educated to that brand by the constant appearance of its name—Advertising Experience.

## COUNTY COMMITTEE IS VERY AUSPICIOUS

Chairman Mott Ayers Settles the Dispute as to Chairmanship.

Mr. Charles Emery Secures the Ballots and the Money to Pay Officers.

LIST WILL BE READY WEDNESDAY

English Stock Opened at the Kentucky Last Evening.

The Comedy "A Savage From Japan" Well Presented to an Appreciative Crowd.

NEWS OF THE AMUSEMENT WORLD

Chairman Mott Ayers of Marion, chairman of the Democratic congressional committee, was in the city yesterday afternoon and held a conference with Mr. Charles Emery, who for several months past has claimed to be chairman of the McCracken county Democratic committee. Mr. Frank Digel also claims the chairmanship, and there have been some exciting times over the contest.

Chairman Ayers, in the congressional committee meeting held here a few weeks ago, recognized Mr. Emery as the chairman in McCracken, and later at the meeting of the appellate committee left it to the committee which to recognize, and both Mr. Emery and Mr. Digel were allowed to represent the county. It was agreed, however, that the two claimants should afterwards meet and settle the dispute by both resigning and allowing some one else to be elected, but Mr. Digel changed his mind subsequently and declined to resign, or to take any steps to settle the dispute.

Chairman Ayers has now settled the dispute. He yesterday turned over to Mr. Emery the ballots that are to be used in this county at the congressional primary May 24, and gave him a check for \$180, which is to pay off the election officers who serve at the primary.

It is understood Mr. Digel will

appoint a set of officers, but if he does, they will receive no pay, and will have no ballots to use in the primary.

Judge Emery states he will have his list of officers made out by Wednesday.

Diocesan Council at Henderson.

BUSINESS SESSION TODAY, WITH BISHOP DUDLEY IN THE CHAIR.

Henderson, Ky., May 13.—The seventy-fourth diocesan council of the Protestant Episcopal church was opened at St. Paul's church in this city Sunday by the administration of the holy communion by Rt. Rev. T. U. Dudley, bishop of Kentucky. The sermon was delivered by Rev. John F. Mason of Louisville.

At the evening service Rev. Dr. W. Dudley Powers, secretary of the board of missions, delivered an address on "Missions," and asked aid for the mission in Brazil. The first business session of the council was held yesterday, Bishop Dudley presiding.

There were about fifty clerical and lay delegates present.

Reports of finance committee and treasurer of diocesan missions were read. Report of publishers of the Bishop's letter was read and referred. The morning session closed with a lengthy and interesting address by Bishop Dudley.

YOUNG WOMAN COMMITS SUICIDE.

Evansville, Ind., May 13.—Miss Marie Eiselin, a young woman, committed suicide by drowning. Her body was found yesterday. Her mother is in an asylum charged with having murdered her husband and young son by poisoning some months since.

Miss Stockton has a small part in "A Savage From Japan," but she immediately impresses one with her ability, and her acting last night proves that she is capable of playing more difficult parts, which she will doubtless demonstrate later in the season.

She combines with a pretty face and graceful form, that captivating presence that never fails to make a pleasing impression on an audience.

Miss Louise Henry had an unimportant part, but creditably rendered lines and between the acts rendered songs and dances that pleased everybody.

Miss Frances Field, the character woman, did good work, and Mr. Andrew Forsythe, as the baron, made a good impression and also did fine work. In fact he is one of the best in the company.

Mr. Frederic Seaton in character work, shows his wife experience, and would appear to advantage anywhere. Mr. Wm. Grigg, in the juveniles, and Leo Florence in light work gave satisfaction and introduced between the second and third acts several pleasing specialties in the way of songs and dances.

The performance naturally in some parts did not go as well last night as it will when the company becomes

## SECRETS

At the Price of Seizing.

Woman on her way to semi-Indianland caused by pregnancy is often a picture of distress, pain and suffering, and in dark as to the true cause, motherhood.

Miss McLeod, at the doctor's place of her visit, and in a room for an interview. She is her own doctor, and her modesty is protected fully, especially over the region of the heart and abdomen, and she is not embarrassed to be examined and to receive the prize child.

But, in my opinion, and I think, healthy babies are the result of the use of Mother's Friend. Our book "Motherhood" mailed free. All women should read it.

### THE BEEF TRUST.

#### FEDERAL GRAND JURY AT CHICAGO TO TAKE A HAND

Chicago, Ill., May 18.—It is expected that the federal grand jury, which assembled today, will take an independent part investigating the methods of the packers, particularly that part dealing with the acceptance of rebates from the railroads. While the practice ceased since the recent filing of the injunction bill, that fact does not bar from indicting for past offenses. The report is that the grand jury will at least consider the matter from the criminal standpoint.

### STEEL CONCERN.

#### APPLICATION MADE TODAY IN PENNSYLVANIA FOR A CHARTER

Harrisburg, Pa., May 18.—Application was made today for a charter for the Franklin Rolling Mill and Foundry company of Franklin, Pa. The company is capitalized at \$50,000 and will absorb the Pittsburgh Trajan Steel Pipe company of New Jersey. Its chief, oddly enough, is steel pipe for telephone and telegraph wires.

GRAND ARMY MEN AT INDIANAPOLIS, IND.—10,000 veterans and dependents estimated to have arrived in Indianapolis for the annual reunion of the Grand Army of the Republic. The attendant social events and the appearance of the veterans were as follows: The excursionists soon seeing the many meetings of the veterans held today, and the day following, all Thursday will be of the major sailors' meeting point to the Starr of Rain department, etc.

CELEBRATION AT MANSFIELD, OHIO.—A hundred persons at a Masonic hall have been invited to a semi-centennial celebration of the G. A. R. A. section of Ohio. The celebration will be held with the G. A. R. of the state, the retiring moderator presiding. "A Half Century of Good Life and Work" is the theme of the celebration, and among the principal speakers to be heard are President Barrows of Oberlin College, President Thwing of Western Reserve University, Rev. Washington Gladden of Columbus, and Rev. J. P. Jones of India.

## MEMPHIS HORSE SHOW.

### A HIGH QUALITY OF EXHIBITS AT THE BLUFF CITY

Memphis, Tenn., May 3.—The second annual open air horse show opened today at the Memphis Driving park and will continue through the week. Both in the number and high quality of the exhibits the show far surpasses that of last year. There are four professional strings of horses in addition to a number from local stables. Several thousand dollars will be distributed among the prize winners.

### CHURCH FESTIVALS.

#### WOMEN'S MISSIONARY SOCIETY TO OPPOSE CHURCH BAZAARS AND SUPPERS.

Xenia, O., May 18.—The Women's General Missionary Society of the United Presbyterians is holding its nineteenth annual convention in this city. More than 300 delegates have arrived from all parts of the United States. The convention will be in session until Friday noon.

A lively debate is promised over the resolution prepared by Mrs. H. T. Jackson of Illinois, president, of the society, to do away with all church suppers, bazaars, fests and the like in raising money for missions. About one half of the mission revenue comes from this source, and its abolition will be vigorously opposed by the liberal element of the church.

### WESTERN COLLEGE

#### TACOMA, WASH., TO HAVE A LARGE EDUCATIONAL INSTITUTE.

Tacoma, Wash., May 18.—A result of the prompt action of the chamber of commerce it is officially announced that Tacoma will propose a new and important educational institution. Some weeks ago a proposition was submitted by the United Norwegian Lutheran church concerning the creation of a church educational institution in the North

west, and it would be located in the immediate future. It is now proposed to establish a college in the city of Tacoma, and the name of the proposed educational institution is to be Western College.

## THE TIE PROBLEM.

COUNTRY IS BEING REFORESTED RAPIDLY.

Richmond, Ind., May 13—John P. Brown, secretary of the international society of Arboriculturists, is helping to reforest the country. He has superintended the planting of 50,000 catalpa trees for the Big Four road. He has just returned from New Orleans, where he planted 110,000 catalpas for the Illinois Central, and is en route to Dugnoin, Ill., to plant 80,000 more for the same company. The tie problem, in view of the rapidly decreasing supply of timber, is becoming serious with the railroads, and they are trying to prepare for it now by planting forests of catalpas. Mr. Brown says that over thirty railroad companies have taken this plan, and its general adoption within a short time is probable.

NEW GUN CLUB RULE.

The Railroad Men's Gun club held its regular shoot yesterday afternoon, and had a pleasant time. The Paducah Gun club decided that no more purses will be shot for over its traps on days selected for the regular shoots. These purse shoots will have to be held on some other day here.

Many of our Boys and Girls are Suffering This Month From the After Effects of Winter Grippe.

Wise Parents Provide  
PAINES CELERY COMPOUND  
For Their Loved Ones.

The Wondrous Medicine Quickly Expels all Germ Poisons From the Blood and Fortifies the Weak and Run Down System.

A busy city physician, enjoying a large annual income, remarked the other day that a host of young people—boys and girls—were suffering this month from the after effects of winter grippe.

Dear parents, have any of your children suffered from an attack of the cruel monster grippe, during the past winter months? Are your boys and girls irritable, feverish, pale, or weak? Have they cold and clammy limbs? Is the blood watery, impure, or sluggish? Is the appetite poor and digestion weak? Has the rose tint of health faded from the cheeks? If any of these conditions are noted, be assured the urge of deadly grippe are implanted in the system.

If your children are not blithesome, happy, boisterous, and strong in May, their condition calls for prompt action on your part. Their future—health and physical happiness, or sufferings and early death—is in your hands, dear parents, and you alone are responsible to Heaven and the community of which you form a part.

When winter grippe has implanted seeds of virulent diseases, the first and most important work is to expel from the blood every trace of poison. This is always successfully accomplished by the use of Paine's Celery Compound.

This marvelous medicine after purifying the foul and stagnant blood, acts as a nerve food. It builds up the nervous system and nourishes all the bodily tissues.

Boys and girls with such a start in life as they always receive from Paine's Celery Compound, grow up as sturdy as forest oaks; they revel in strength and true life they are fair to behold; they make the men and women most needed by our country. Do your part this month, dear parents, with promptness and honesty, and rest assured Paine's Celery Compound will not fail in its grand work of health building.

## LOST A HAND

Lad Employed in the Collar Shop Badly Hurt.

His Right Fingers Mangled so Amputated Was Yesterday

Hugh Schuler aged 14, an employe in the collar shop of the E. Rehkopf Co., met with a serious accident this morning about 7:30 o'clock while at work with one of the straw machines.

The little fellow had been working at the collar shop for 145 days only and was not well acquainted with the working and the dangers of the machine which had been placed in his charge. His task is to feed straw which passes it for staining the collars. The boy put his right hand into the machine and all the fingers mangled to the palm. The palm of the hand was also badly lacerated and it was necessary to take off the fingers off. Dr. Sights and Brooks performed the operation.

No one was near the little fellow when the accident happened and the injury is due entirely to the boy's carelessness or ignorance of the workings of the machine.

## VILLAGE EXPANDING.

MR. KATTERJOHN'S SUBURB RAPIDLY INCREASING.

Contractor Dunlap, who is superintending the work at Cedar Bluff, the small village the Katterjohn Construction Co. is putting up near Princeton, left for that place this morning after a business trip to the city.

He is stationed there and will probably be there for six months. There are 10 houses under course of construction and more will be built when these are finished. Mr. Katterjohn will build a suburb that Princeton can well feel proud of in a commercial and manufacturing way. The quarry is one of the largest in the country and when completed and all the machinery is up will be one of the biggest industries in the state.

THE WEATHER.

Fair tonight and Wednesday. Fair  
preceded by showers in east and cen-  
tral portions tonight.

The city is getting ready to tag the  
dogs. Nothing has yet been said in  
regard to tagging the cows.

Paducah is about the liveliest city  
in the state at present. When we  
have a carnival we have it right.

It is still uncertain when a vote will  
be taken in congress on the Philippine  
bill. There is a great deal of talking  
to be done yet, and meanwhile the  
people and the Filipinos will have to  
put up with it.

The city is practically without an  
engineer, since the resignation of City  
Engineer James Wilcox. The only  
two eligible persons are Messrs. L. A.  
Washington and W. W. Lyon, both of  
whom reside in the South at present,  
and neither of whom would have the  
job at the present salary, which can-  
not be changed until next year.

Among those who deserve to rank  
with Abu Ben Adhem are the people  
who uncomplainingly give up  
their yards and pavements to the  
hills for a carnival. It makes it  
quite inconvenient for some of them,  
but the fact that they give up their  
own comfort for that of the people in  
general proves that they are good cit-  
izens.

The contract for keeping up 210  
miles of the county roads has been let  
by the county a \$4.45 a mile. The  
contract for the other sixty-five miles  
was let recently at about \$15 a mile.  
When the county was doing its own  
work it cost many times more. Last  
year the roads cost \$23,000. At the  
present rate they will cost less than  
\$10,000. Why is there such a differ-  
ence when the county does the work  
and somebody else does it?

A Louisville man, Prof. Felix Ker-  
rick, boasts that he predicted the  
volcano that destroyed St. Pierre would  
erupt within twenty-four hours, and it  
did it inside of four. Now will the  
professor please explain how he hap-  
pened to make such a mistake? The  
volcano erupted exactly twenty hours  
before it should have done it. And if  
the Professor knows so much about  
what is going to happen, he ought to  
be set up as an oracle and consulted  
regularly on all important subjects.  
As he evidently knows everything  
that is going, the government could  
well afford to pay him an enormous  
salary to simply tell what he knows in  
advance. Prof. Kerrik is surely a

wonderful man. The weather prophets  
look like thirty cents beside him.

Senator Hanna makes a stanch  
friend. He has been inclined to ter-  
minate the Rathbund case in  
Hawaii. It has been claimed by  
friends of the alleged postoffice  
swindler that he has been persecuted,  
not prosecuted, and the fact that his  
bond was fixed at \$100,000, a most  
outlandish sum, would indicate that  
there are at least grounds for such a  
supposition. Senator Hanna has  
stuck to him, and it is said claims  
that General Wood has been the  
cause of Rathbone's having been  
persecuted. The administration as  
governor-general of General Wood has  
been quietly investigated, and if it is  
true that he has disobeyed the orders  
of the President and war department,  
there may be unpleasant develop-  
ments.

WILL HEAR

AMERICAN PASTORS.

London, May 13—American min-  
isters will be very much in evidence  
in London during the summer. Dr.  
Goodspeed of the University of Chi-  
cago will preach during July at Mem-  
orial Hall. Rev. Dr. Pierson will  
preach at Mr. Meyer's church, West-  
minster Bridge Road, for three  
months, and Rev. Campbell Morgan  
will officiate at the City Temple during  
Dr. Parker's absence. Dr. C. L. Lorimer  
will also be heard in London  
pulpits shortly.

GOT THEIR OLD JOBS AGAIN.

Hopkinsville, Ky., May 13—W. J.  
Chiles and wife, who were discharged  
from positions in the Western Asylum  
a year or more ago by Dr. E. B. Mc-  
Cormack, and which act later caused  
the removal of Dr. McCormack him-  
self, were today reinstated upon the  
pay roll of the institution. Mr. Chiles  
was made outside supervisor and Mrs.  
Chiles was appointed assistant mat-  
ron. W. C. Cook and Mrs. Mary P.  
Collins were superseded by the new  
appointees.

ODD FELLOWS' DAY  
AT CHARLESTON.

Charleston, S. C., May 13.—This  
was Odd Fellows' day on the calendar  
of the Charleston Exposition, and  
5,000 members of the order helped to  
make the occasion one of the most  
memorable of the great show. The  
chief feature of the program was a big  
parade, in which various lodges of  
the order took part, coming from all  
parts of South Carolina and from  
Georgia and other adjoining states.

EAGLE KNIGHTS GATHER.

Shawokin, Pa., May 1.—Six hun-  
dred delegates and twice that number  
of other visitors have arrived for the  
state convention of the Knights of  
the Golden Eagle, which is to be in  
session here during the remainder of  
the week. A feature of the gathering  
will be a monster parade in which it  
is estimated 7,000 members of the  
order will participate.

A STUBBORN COLD OR  
BRONCHITIS

yields more readily to Scott's  
Emulsion of cod-liver oil than  
to anything that you can take;  
and if persistently used a few  
days, will break up the cold.

When you awake in the  
night choked up and cough-  
ing hard, take a dose of the  
Emulsion, and you will get  
immediate relief, where no  
cough medicine will give you  
relief. It has a soothing and  
healing effect upon the throat  
and bronchial tubes.

Most people understand  
Scott's Emulsion is a great  
body builder—but it is equally  
good to allay inflammation  
and cure colds and violent  
coughing.

ever seen here. It was decorated in  
pink and white chrysanthemums and  
the swans are pure white with yellow  
bills. In the shells were seated the  
queen, her maids of honor and two  
flower girls. They were dressed in  
white dresses and carried white para-  
sols and pink and white ribbons, tied  
on the shafts and on the horses.

The prizes were awarded as fol-  
lows: Mr. Wynne Tully, best decorated  
carriage with two or more horses,  
yellow and white chrysanthemums.  
The rig was driven by Mr. Tully and  
occupied by Mrs. Tully and Mrs.  
Minnie Rankin.

The prize for the best decorated rig,  
one horse, was awarded to Miss

MANY CROOKS.

THE POLICE WARN EVERYBODY  
TO BE ON THE LOOKOUT  
FOR THEM.

The police are determined to drive  
every crook and grafters that can be  
found out of the city, but they know  
that there are many who will es-  
cape, and expect them about to-  
night to commence getting in their  
work. Everybody is cautioned to run  
no risks, and see that everything is  
safely locked up, and all valuables are  
left at home.

There have been several minor rob-  
beries reported, among them being  
Geo. Jones. It is understood that  
he received his pension of \$35 yester-  
day, and was touched shortly after he  
had received the money. The police  
are keeping a close watch on the grafters,  
and are giving them little chance to  
get in their work.

Marshal Crow went up and down  
Broadway and other streets this morn-  
ing, where the crowd was thickest,  
and advised all the ladies to place  
their watches and other jewelry safely  
within their belts. A number wore  
their watches on their breasts, making  
it an easy matter for the light-  
fingered thieves to get away with  
them. This was one very wise pre-  
caution that probably saved many  
watches. Only one arrest had been  
made up until 1 o'clock, and that for  
drunk and disorderly. Hart Black-  
burn, a stone cutter, was arrested for  
drunk and disorderly conduct at the  
Williamson marble works.

TIE-UP IS COMPLETE.

ONE HUNDRED AND FORTY-  
FIVE THOUSAND MINERS  
IDLE.

Philadelphia, May 13—Mine work-  
ers throughout the entire anthracite  
coal regions of Pennsylvania to the  
number of 145,000 formally began  
their struggle today for increased  
wages and shorter hours. Never in  
the history of hard coal mining has a  
tie-up been so complete, not one of the  
367 collieries in the territory being in  
operation. There is every indication  
for the belief that the suspension  
which was to cover only the first three  
days of this week, will be made per-  
manent by the miners' general conven-  
tion which will meet at Hazleton on  
Wednesday. Absolute quiet pre-  
vailed everywhere today. The local  
unions throughout the regions met  
during the day and evening and elected  
delegates to the Hazleton conven-  
tion. It is significant that in every  
instance where the vote of a "local"  
became public property, the ballot  
showed a decided majority for a per-  
manent strike unless the operators  
grant concessions. Predictions are  
made that if it is decided on Wednes-  
day to continue the strike, the strug-  
gle will be longer and more bitter  
than was that of 1900, which lasted  
six weeks.

FRACTION JACK.

BOWLIN CONTINUES TO "CUT  
UP" AT THE JAIL.

Jack Bowlin, the lunatic who has  
been confined in the jail for over one  
week, this morning threw one of his  
shoes through the window in order to  
have a place to talk through. He  
talked to everybody that came within  
range of his fog horn voice until it  
was necessary to close the window.

## CHIQUITA.

### THE DOLL LADY ATTRACTS MULTITUDES UPON THE MIDWAY.

The reception parlors of the tiny Cuban lady Chiquita seemed to be the mecca for the thousands who visited the carnival last evening and it was interesting to note that of the multitude of people who passed in to hear the little queen sing and to shake her by the hand there was not one who on coming out did not pronounce the sweetest woman to be the "dearest, sweetest little thing they ever saw."

Chiquita is 29 years old, 26 inches high and weighs but 18 pounds. She is not only small but she is perfect and as beautiful as she is perfect.

She received her visitors last evening in an imported gown of pale blue silk chiffon covered with rare old lace. She wore a great many of her jewels which are famous the world over and sang and danced her way in to the hearts of young and old alike.

Chiquita is very much interested in floral parades and very often has her tiny pony and carriage decorated and placed in line at the different carnivals she happens to be attending. Her tiny equipage was seen in the parade today. Chiquita will hold her refined levees for the balance of the week wearing new costumes and different jewels every day. Without doubt she is the real queen of the carnival.

## RAILROAD EARNINGS.

### REPORTS FOR APRIL SHOW PRINCIPALLY INCREASES.

The gross earnings of forty-two roads for the fourth week of April were \$11,076,624, against \$10,056,379 for the fourth week of April, 1901, an increase of \$1,020,245. Thirty-three roads show increases and nine decreases. Since July 1 the roads referred to above earned \$349,909,329, an increase of \$29,039,579 over the \$320,869,750 reported for the corresponding period last year. For the longer period thirty-eight show increases and four decreases.

For the month of April, forty-five roads earned \$38,888,367, an increase of \$3,630,237 over the \$15,258,130 reported for the month of April 1901.

### IOWA LABOR MEETING.

Cedar Rapids, Ia., May 13—The largest convention ever held by the Iowa State Federation of Labor began its sessions here today with delegates present from all the industrial centers of the state. The meeting will last through the week. The question of trades autonomy is an important issue before the convention. Another important matter to receive attention is the proposition to place joint organizers in the field, and the proposal to pay a salary to the president of the state federation will also be considered and acted upon.

Mr. T. B. Echo and wife, Mr. J. S. Anderson and wife and Mr. J. F. Adams and wife of Ogden's came up last night on a visit.

## MOVING MACHINERY.

### WORK PROGRESSING ON THE ILL-FATED CITY OF PITTSBURG.

The work of tearing apart the City of Pittsburgh below Turner's Landing will probably require two weeks or longer. The six boilers have been taken from the hold, where they fell when the decks were burned, and are found to be good. The machinery is badly damaged, but may be repaired. The work is slow, but is being pushed, the owners of the wreck, Captain Morgan, and his assistants, being camped out on the bank of the river. The machinery is placed on barges by means of derrick boats as soon as it is removed.

## R.I.P.A.N.S TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Biliary, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not relieved by the consumption of a few R.I.P.A.N.S Tabules, and the price, ten for five cents, does not tax them from any but a frugal and one in enduring life that are easily cured. A family bottle containing 100 tabules is sold for 50 cents. For others the above price.

better trained to work together, but the result showed careful drilling and excellent results, and the English Stock company is sure to become popular immediately. The specialties are good, and Miss Henry particularly is going to be very popular in Paducah with her specialties. The illustrated songs will not be put on until

the latter part of the week, owing to the failure of the paraphernalia to arrive.

In the Boston aggregation, with the Moorish palace, is Mr. E. H. Robinson, who was here several weeks ago in advance of the "Royal Prisoner."

The La Belle Park company is taking a rest this week. It is rumored that there are to be several changes in it before it reopens.

La Belle Park management announces the engagement of Mr. Wm.

Den as musical director. This gentleman, although quite well known as an orchestra and theatrical leader in a number of our southern cities, can best be introduced to Paducah people as a former leader of Wehrley's well known orchestra of Louisville, which position he has held for quite a number of years. He is a violinist of more than ordinary merit and will be assisted by Mrs. Anna Berger, a well known southern pianist, consequently the musical part of La Belle's programs is expected to be of unusual attractiveness.

There were four box parties at the opening of The Kentucky last evening.

### CIRCUIT COURT.

The case of Ira Wills, administrator, against the Paducah Street Railway and Light Co., is still on trial. The juries, except the one on the present case, were discharged today until Monday, as the case of W. H. Patterson against the City of Paducah will tomorrow be taken up for trial and the court will need no jury, as the case will be tried before the judge.

### TO BE TRIED TOMORROW.

The case against Jack Whitesides, the saloon keeper, for keeping open on Sunday, will be tried tomorrow morning. Whitesides refused to pay once before, and was looked up, but finally decided to pay out. He was refused a license at the last regular meeting of the council, and has been appearing before that body and the board of aldermen ever since trying to effect a reconsideration and to get his license.

Attorney James Husbands went to Eddyville at noon today on business.

### POLICE COURT.

Judge Sanders held no regular police court today but continued all the regular cases over until tomorrow morning.

All desiring to plead guilty, however, were given a chance to do so.

The only cases where no trial was necessary were those against James Brine and E. O. Linderson who were arrested last night by Night I. O. Watchman Tolbert for sleeping in a box car. Jack Allen, colored, was arrested last night for beating his wife.
